

## MATERIALS CHARACTERIZATION/MODIFICATION AND CERAMICS GROUP

**Contact person/Group leader:** Asst. Prof. Dr. Arianit A. Reka

### Affiliation

Dept. of Chemistry, Faculty of Natural Sciences and Mathematics, University of Tetova

### Mail address

Blvd. Ilinden, n.n., 1200 Tetovo, North Macedonia

### Email/website

[arianit.reka@unite.edu.mk](mailto:arianit.reka@unite.edu.mk) ; [arianit.reka@gmail.com](mailto:arianit.reka@gmail.com)

### Group Members

Dr. Arianit A. Reka, Dr. Blagoj Pavlovski, Dr. Petre Makreski, Mr. Sci. Hamdije Memdi, Mr. Sci. Egzon Ademi

### Google Scholar

<https://scholar.google.com/citations?user=ivwm5qEAAA&hl=en>

### Research Gate

[https://www.researchgate.net/profile/Arianit\\_Reka](https://www.researchgate.net/profile/Arianit_Reka)

### Research lines

- Syntheses and characterization of various ceramics products under hydrothermal technology with the use of raw industrial minerals.
- Industrial minerals characterization and application.
- Industrial minerals surface modifications and applications.
- Application of various natural inorganic sorbents for removal of pollutants from water resources
